

ShopMart Return & Refund Policy

1. Return Window

Most items sold on ShopMart can be returned within 10 days of delivery. Electronics such as laptops, mobile phones, and cameras have a shorter return window of 7 days from the date of delivery. Items marked 'Non-returnable' on the product page cannot be returned under any circumstances.

2. Refund Timeline

Once a returned item is received and inspected at our warehouse, refunds are processed within 5-7 business days. Refunds for payments made via credit or debit card are credited back to the original payment method. Refunds for Cash on Delivery orders are issued via bank transfer, which requires the customer to submit bank account details through the Returns Center.

3. Damaged or Defective Items

If an item arrives damaged, defective, or different from what was ordered, the customer must report the issue within 48 hours of delivery using the 'Report an Issue' option in Order History. Approved claims are eligible for a full refund or free replacement, customer's choice.

4. Warranty Claims

Products carrying a manufacturer's warranty (such as electronics and appliances) are covered directly by the manufacturer once the ShopMart return window has closed. Customers can locate the manufacturer's service centers via the warranty card included in the package.

5. Non-Refundable Items

Gift cards, downloadable software, perishable goods, and personal care items that have been opened are not eligible for return or refund unless received damaged or defective.

6. Escalation

If a refund is not processed within 10 business days of approval, customers may escalate the matter to ShopMart Customer Care or file a complaint with the National Consumer Helpline (1915) or the District Consumer Disputes Redressal Commission.
